

Bringing Organisations & Network Development
to higher levels in the Farming sector in Europe

STUDY TOUR in ITALY

12-16 MARCH 2018

STUDY TOUR PROGRAM

STUDY TOUR ITALY, 12th – 16th March, 2018

*The Republic recognises the social function of cooperation
of a mutualistic, non-speculative nature.
The law promotes and encourages co-operation through
Appropriate means and ensures its character and
purposes through adequate controls.
CONSTITUTION OF ITALIAN REPUBLIC, art.45*

PARTNER INFORMATIONS

Founded in 1957, **Legacoop Agroalimentare** (National Association of Agro-Food Cooperatives for Rural Development), represents cooperatives in all Italian regions and operating in different agro-food sectors (wine, oil, fruit and vegetables, meat, dairy, etc.) – in the field of production, processing, distribution, supplying services and technical support for enterprises.

Legacoop Agroalimentare also promotes, assists, safeguards and coordinates associated cooperatives, in order to encourage their development in modern and efficient enterprises.

The Association promotes project and food chain network for the business development, to increase employment, to promote innovation and organization restructuring, training and technological innovation.

Legacoop Agroalimentare, is convinced that the cooperation in the agro-food sector requires entrepreneurship, organization and generational change, and provides support for a necessary and inevitable evolution. Therefore, it is committed to improve: research and innovation, training, development of financial initiatives and communication skills.

Legacoop Agroalimentare associates globally 1,302 cooperatives, for a total of 232,454 members and 28,598 employees, with a total annual turnover of members cooperatives of about 10.000.000.000 €.

EMERGENCY TELEPHONE NUMBERS

Unique Emergency number 112

Medical aid, ambulance 118

TIMING FOR MEALS - FOOD

Breakfast will be held every day at 7.30. Lunch will be held about at 13.00, except on Thursday 15th it should be earlier because of the tour program. Dinner will be held usually at 20.00 except on Tuesday at 20,30, because of the travel from Sezze to Florence it will be quite long (check the study tour program above).

Lunch will be held at the cooperative (company canteen or small restaurant) and will be very light, whereas dinner will be held at restaurant located at a short distance from the hotels.

Italian traditional breakfast is generally arranged with coffee, milk, tea, butter, marmalade, croissants, toasted bread, yogurt, fruit juice and different kind of sweets, whereas the use of cured meats, cheeses, eggs and vegetables is not widespread. However, because of the tourism, all the hotels serve international breakfast with sweet and savoury food.

Traditionally lunch is the most important meal of the day but, during the study tour, it will have to be very fast but not less good. At dinner we will have more time and then eat an appetizer, usually consisting of croutons, meats, cheeses, vegetables; a first course generally a dish of pasta or rice or a soup; a second course of meat or fish or cheese or ham accompanied by a side dish of vegetables; sweet and/or fruit to close.
