

Bringing Organisations & Network Development
to higher levels in the Farming sector in Europe

This project has received funding from the European
Union's Horizon 2020 research and innovation
programme under grant agreement N° 774208

Equality and Equity

Equality and Equity

Equality is when women and men enjoy equal rights, opportunities and entitlements in civil and political life.

Equity is when women and men are treated fairly in terms of rights, benefits, obligations and opportunities and when all community members have the resources they need to succeed.

Bringing Organisations & Network Development
to higher levels in the Farming sector in Europe
